EDUCATION
Expected Graduation Date: July 2025

BS Computer Engineering, Far Eastern University - Institute of Technology
- FEU Tech Elite Scholarship
- CHED STUFAPS Scholarship

EXPERIENCE

Student Assistant , iCARE (iTamaraw Center for Academic Resources and Enrichment)   **2021 - Present**
- Rendered 108 hours of service every trimester as part of the FEU Tech Elite Scholarship requirement.
- Assisted students with their academic concerns and faculty consultations.
- Monitored and prepared enhancement classes for professors from various departments.
- Tutored students from different programs on various topics and subjects.

PROJECTS

iCARE Website | Github | Link   **MongoDB, ExpressJS, ReactJS, NodeJS , Tailwind CSS**
- iCARE is FEU Tech's department for booking consultations and tutorials with professors. Developed using the MERN stack, this platform consolidates scheduling into a single, user-friendly platform.
- Frontend Development: Built with ReactJS and styled using Tailwind CSS.
- Backend Development: Implemented using NodeJS and ExpressJS, with MongoDB as the database solution.

FEU Tech Online Library | Github | Link   **Firebase, ReactJS**
- Developed a responsive online library web application using ReactJS and Firebase.
- Utilized Firebase Authentication for a secure login system.
- Integrated Firebase Firestore for real-time database operations.

Anime Finder | Github | Link   **Vercel, ReactJS, Tailwind CSS, Jikan API**
- Developed a responsive website using ReactJS and Tailwind CSS.
- Deployed the website on Vercel for continuous deployment.
- Used Jikan API to fetch and display anime data such as the trailer, synopsis, score, genre, episode count and etc.

SKILLS

Languages: Javascript, Python, Java, C++, HTML, CSS, PHP
Frameworks & Libraries: ReactJS, Tailwind CSS, Node JS, Express JS, OpenCV, Tensorflow
Technologies & Tools: SQL, SQLite, MongoDB, Firebase, Bash, Git, Vite, Vercel, Amazon Web Services (AWS), Arduino, Arduino IOT Cloud, Figma, Networking (CISCO)

AWARDS & CERTIFICATES

Certificates:
- IT Specialist - Python
- IT -Specialist - Java
- AWS Academy Graduate - AWS
- Introduction to Cybersecurity
- CCNA: Introduction to Networks
- CCNA: Switching, Routing and Wireless Essentials
- CCNA: Enterprise Networking, Security, and Automation

Awards:
- Top Performing Student AY 2021-2022 - Overall Top 11 in Computer Engineering
- Top Performing Student AY 2023-2024 - Overall Top 2 in Computer Engineering
- 3rd Term SY2324 Dean's Lister (Silver)
- 2nd Term SY2122 Dean's Lister (Silver)
- CPE Challenge 2023 Java Programming Competition Champion
- MRSP Regional IOT Skills Competition Champion
- 2nd Place in 2024 Hooked Unitour Hackathon
- Top 5 Finalist Software Solutions: Synergy Hackathon
